MEMORANDUM

TO: Comp Plan Committee

FROM: Michael M. Rosch

RE: Draft of Amendment to the Comprehensive Plan

DATE: December 3, 2010

Attached please find the amendments to the Comp Plan as have been discussed. Included in these amendments are the revised vision statement and a reworking and consolidation of the goals.

Please forward any comments, questions or proposed revisions to me at your earliest convenience.

We have two public meetings scheduled. The first is at Town Hall, December 13, 2010 at 7:00 p.m. We are asking Dan Hornick and Kathy Ordway to run this meeting. The other is scheduled for the next day at 2:00 pm at the Crossings and will be run by Joe LaCivita and me.

Please let me know of your availability for these two public meetings.

According to Rebekah, we must have a public hearing to allow the public to comment on any amendments to the Comprehensive Plan. The date and time must be noticed in the official Town newspaper at least 10 days prior to the hearing.

We have scheduled the hearing for December 20, 2010 at 7:00 pm in the Public Operations Center. We would like all Committee members who are able to attend this public hearing. Please let me know of your availability to attend the public hearing.

As always, I would like to thank all the Committee members for their attendance and input during this process.
