*Re: Wetland Validation Extension for Wetland TN-11
Property east of Route 9, Town of Colonie, Albany County*

Dear Mr. Parker:

On March 31, 2003 you validated the wetland boundary for Wetland TN-11 on a property located southeast of Boght Corners on the east side of Route 9 in the Town of Colonie, Albany County, New York. At the time of the validation, it was anticipated that the permit application would be submitted to the NYSDEC within the three year time period. However, the project planning has extended over a longer time period than expected.

TCC is in the process of finalizing a permit application, which we anticipate submitting to you in the near future. Therefore, we respectfully request that you revalidate the wetland boundary for an additional three years. Attached please find a copy of the signed map for your review. Should you have any questions regarding this matter, please do not hesitate to contact me at (518) 812-0513.

Sincerely,

Barbara B. Beall, PWS
Manager, Wetland Services

MAK/Encl.
